

Safety Data Sheet –GypSorb Ready Mix

acc. 1907/2006/EG

Printing date: 11.04.2016 Revision date/no.: 11.04.2016/ 20160411

1 Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name: **GypSorb Ready Mix**

1.2 Relevant identified uses of the mixture and uses advised against

No further relevant information available

Uses of the substance/mixture: building material (joint-filler)

1.3 Details of the supplier of the Safety Data Sheet

Supplier:

GypSorb, LLC
1143 NW 52nd St.
Seattle, WA 98107

National contact:

GypSorb, LLC
1143 NW 52nd St.
Seattle, WA 98107
(206) 706-9109
Email: info@gypSorb.com

Manufacturer:

Please email info@gypSorb.com for specific manufacturer information

1.4 Emergency telephone number:

(206) 706-9109 (only at daily working-times)

Common U.S. Emergency Number: 911

2 Hazards identification

2.1 Classification of the substance or mixture

Classification according to regulation (EC) Nr. 1272/2008

The product is not classified according to the CLP regulation

2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008 Void

Hazard pictograms Void

Signal word Void

Hazard statements Void

2.3 Other hazards

Results of PBT and vPvB assessment

PBT: Not applicable

vPvB: Not applicable

3 Composition/information on ingredients

Chemical characterisation: Mixtures

Description: Watery polymer binders with light fillers and additives

Hazardous ingredients

Void

4 First aid measures

4.1 Description of first aid measures

General notes:

Change any soiled or impregnated clothing

After inhalation:

Supply fresh air; consult doctor in case of complaints.

After skin contact:

Wash off with water and soap

After eye contact:

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

After ingestion:

Rinse out mouth and then drink plenty of water. Seek medical treatment

4.2 Most important symptoms and effects, both acute and delayed

No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

5 Firefighting measures

5.1 Extinguishing media

Suitable extinguishing agents: Use fire extinguishing methods suitable to surrounding conditions

5.2 Special hazards arising from the substance or mixture:

No further relevant information available

5.3 Advice for firefighters:

Protective equipment: No special measures required

Additional information: Void

6 Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Particular danger of slipping on leaked/spilled product.
Provide adequate ventilation.
Avoid contact with skin and eyes.
Wear protective clothing.

6.2 Environmental precautions:

Do not allow to enter drains /surface water/ground water or the soil

6.3 Methods and material for containment and cleaning up:

Take up using liquid-absorbent material (e.g. Kieselgur).
Contaminated areas should be rinsed thoroughly with water.

6.4 Reference to other sections

See section 7 for information on safe handling.
See section 8 for information on personal protection equipment.
See section 13 for disposal information

7 Handling and storage

7.1 Precautions for safe handling

No special measures required

Information about fire – explosion protection: No special measures required.

7.2 Conditions for safe storage, including any incompatibilities

Requirements to be met by storerooms and receptacles: No special requirements.

Information about storage in one common storage facility: Not required

Further information about storage conditions:

Store in cool, dry conditions in well-sealed receptacles.
Protect from heat and direct sunlight.
Protect from frost.

7.3 Specific end use(s)

No further relevant information available

8 Exposure controls/personal protection

8.1 Control parameters

Ingredients with limit values that require monitoring at the workplace:

Void

Additional information: The lists valid during the making were used as basis

8.2 Exposure controls

General protective and hygienic measures

Wash hands before breaks and at the end of the work.
Avoid contact with the skin.
Avoid contact with the eyes.

Personal protection equipment

Respiratory protection: Not required

Protection of hands:

Wear protective gloves.

The glove material has to be impermeable and resistant to the product/the substance/the preparation. Due to missing tests no recommendation to the glove material can be given for the product/the preparation/the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application.

Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye protection

Eye glasses with side protection.

Body protection:

Protective work clothing

9 Physical and chemical properties

9.1 Information on basic physical and chemical properties

General information

Appearance:

Physical state: paste like

Colour: white

Odour: Weak

pH-value at 20 °C:

app. 8

Change in condition

Melting point / melting range:

ca. 0 °C (water)

Boiling temperature/boiling range:

ca. 100 °C (water)

Flash point:

Not applicable

Self-igniting:

Product is not self-igniting

Danger of explosion:

Product does not present an explosion hazard

Vapour pressure:

23 hPa at 20 °C (water)

Solubility in/Miscibility with water:

Fully miscible

Viscosity Dynamic:

viscous/ pasty

9.2 **Other information:** No further relevant information available

10 Stability and Reactivity

10.1 **Reactivity:** No further relevant information available

10.2 Chemical stability

Thermal decomposition/conditions to be avoided:

No decomposition if used and stored according to specifications

10.3 **Possibility of hazardous reactions:** No dangerous reactions known.

10.4 **Conditions to avoid:** No further relevant information available

10.5 **Incompatible materials:** No further relevant information available

10.6 **Hazardous decomposition products:** No decomposition if used according to specifications.

11 Toxicological information

11.1 Information on toxicological effects

Additional toxicological information:

When used and handled according to specifications, the product does not have any harmful effects in our experience and the information provided to us.

12 Ecological information

12.1 Toxicity

No further relevant information available

12.2 Persistence and degradability:

No further relevant data available about the potential of the product concerning his persistency and degradability

12.3 **Bioaccumulative potential:** No further relevant information available

12.4 Mobility in soil

No further relevant information available

A penetrating into soil, waters and sewage system should be prevented

Ecotoxicological effects:

Remark: No data available

Remark: Note the local drainage directives.

Additional ecological information

General notes:

This product is stable with no known adverse effects in the products intended use.

Do not allow product to reach ground water, water course, sewage system or the soil.

12.5 Results of PBT and vPvB assessment

PBT: Not applicable

vPvB: Not applicable

12.6 Other adverse effects

No further relevant information available

13 Disposal considerations

Waste treatment methods

Recommendation:

- Solid, dried and cured residues can be disposed of as domestic waste.
- Dispose of in compliance with local and national regulations.
- Product-waste should not be allowed to enter drains, water courses or the soil.

European waste catalogue

08 04 10 waste adhesives and sealants other than those mentioned in 08 04 09

Uncleaned packaging:

Recommendation:

Empty contaminated packagings thoroughly. They can be disposed of as domestic waste.

Recommended cleansing agents: Water

14 Transport Information

14.1 UN number ADR, IMDG, IATA: Void

14.2 UN proper shipping name ADR, IMDG, IATA: Void

14.3 Transport hazard class(es) ADR, IMDG, IATA class: Void

14.4 Packing group ADR, IMDG, IATA: Void

14.5 Environmental hazards: Not applicable.

14.6 Special precautions for user: Not applicable

14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code: Not applicable
UN "Model Regulation: -.

15 Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture

National regulations:

Water hazard class:

Water hazard class 1 (self-assessment): slightly hazardous to water (WGK 1)

Chemical Safety Assessment

A Chemical Safety Assessment has not been carried out.

16 Other information

Indication of changes

Classification according to CLP-regulation

Relevant H-statements (number and full text)

void
